Claims and Disputes

Where there is evidence of Price, Race, Match or Event rigging, we reserve the right to make bets void or withhold payment of returns pending the outcome of any investigation. No claims or disputes will be considered more than 90 days after the date of the settlement of the original transaction. In the first instance all claims/disputes should be raised with us on 01992 442618. In the event of us being unable to resolve any matter satisfactorily, the dispute may be referred to IBAS who are an independent, acceptable, recognized body for arbitration.

Debit Accounts

We accept the following debit cards: Switch, Solo, Delta and Electron. If you wish to use this facility simply call us to register your name, address and debit card details, and subject to authorization of funds from your bank you will be allowed to bet. If you back a winner any further bets will be funded by those winnings until they expire, at that stage we will request further funds from your bank account. All Debit account bets are subject to there being sufficient funds in your account unless otherwise agreed.

Payment

Debit card accounts that are in profit at the end of a days trading will have those funds transferred back to their debit cards prior to the commencement of the next working days business unless otherwise agreed.

Important

If your debit/credit card details change in any way, please inform us immediately on 01992 442618. We will not accept any liability for

transactions, which are declined as a result of incorrect bankcard details where you have failed to make the Call Centre aware of any changes.

Should your bank card or Sports account card be lost or stolen, please contact us immediately, we will then advise you of the correct procedure to follow.

Deposit Accounts

We accept the following Debit and Credit cards: Switch, Delta, Solo, Electron and Visa. If you wish to use this facility please telephone our Call Centre to register your name, address and card details. You will be asked to make an initial deposit of funds to activate this account (this can be used in part for your first bet).

With Deposit account betting there is an onus on the client to ensure that there are sufficient funds for any transaction that might take place. Any bet that is accepted where there are insufficient funds will be settled in proportion e.g. an account with £18 of available funds placing the following bet:

- £10 each way Papillon
- £10 each way Blowing Wind
- £5 win Arkle
- Total stake £45

Would be settled as 18/45ths of any return. Any bet that is accepted where there are no funds or agreed credit will be declared void, win or lose.

Payment

It is necessary with this type of account to request payment, which will be made either to your Bank account or to your Debit or Credit Card or by Cheque. Payment can also be made by Telegraphic Transfer, but this will incur bank charges to the customer.

General Guidelines

The purpose of these rules, which are effective from May 2007 is to provide our customers with a simple, easy to use reference guide to the general terms and conditions under which

bets are accepted.

We reserve the right to amend our rules at any time and advise you of any changes. We respectfully point out that the possession of these rules is no guarantee that the holder has an account with the Company, and that the Company at all times reserves the right to refuse the whole or part of any bet, or close an account without explanation.

We reserve the right to refuse payment and to make void any bet, which we believe is not bona fide. Where an error is made in the prices/conditions of a bet we reserve the right to settle at the correct price/conditions at the time the bet was placed. We cannot allow for any customer' mistakes or accept responsibility for any errors or omissions in respect of the announcing, publishing or quoting of prices, runners or results, despite our every effort to ensure total accuracy. We reserve the right to correct obvious errors.

Bet Acceptance and Settlement

Full Service

Refers to horse and greyhound races for which full details of Show Prices, 'Offs' and Results are passed by the P.A. (Press Association) on a race-by-race basis.

Dead Heat

If a 'Dead Heat' is declared in any event, half the stake is applied to the selection at full odds and the other half is lost. If there are more than two in a Dead Heat, the stake is apportioned accordingly.

Void Bets

Void bets is a selection treated as a non-runner for settlement purposes. Where a Single is made void, your stake is returned. Where a multiple is made void, the void selection is treated as a non runner with stake running onto the remaining selections in the bet.

Each Way Bets (Win & Place)

Each Way bets are accepted on the majority of events and will be settled as win to win and place to place. Equally divided bets are not

accepted. The settlement of Each Way bets will be governed by the place terms of actual starters and not by the number of declared runners when the place is laid. Bets are settled to Win unless Each Way is clearly requested. Where an Each Way bet is inadvertently accepted for a race or event which is 'Win Only', the total stake will be invested for a 'Win'.

With horseracing, on the day of the race, non runner no bet rules apply.

Rule 4 may apply.

Greyhounds

Sports Betting

As indicated at the time of placing the bet. Place terms are subject to change as the event progresses.

Place Only

We do not accept PLACE ONLY bets without an equal 'Win' investment.

Any place stake inadvertently accepted in excess of the Win stake will be made void.

Timing of Bets

All bets are deemed to be for races/events taking place on the day of acceptance, unless you stipulate otherwise.

Allowances will be made on days when racecards are printed in advance, such as a Sunday card published in Saturday's

newspaper.

Where the official 'Off' time of a race is not announced, bets are accepted up to the advertised time of the race. Any bet which is accepted later than the advertised time of the race will be void unless we are satisfied that the bet was accepted before the actual 'Off'.

If for any reason a bet is inadvertently accepted after betting has closed, any selection(s) affected will be made void if, at the time the bet was placed, the race or event was resolved or at a stage where the customer could have an indication of outcome.

Early Prices & Shows

All racing bets will be settled at S.P. (Starting Price) unless a price is specifically requested at the time the bet is placed. For non-racing events, this will be the price that was available at the time the bet was placed.

Where a price is requested, it will apply to that selection on all bets given in the same call, unless specifically instructed otherwise. It is the callers responsibility to ensure that prices are specifically requested where required and that they have been correctly validated prior to completing the call.

Where there are only two runners in a race, bets will only be accepted and settled at S.P. Where the price is inadvertently taken, settlement will revert to S.P.

Should an incorrect price be transmitted, advertised or given in error by a member of staff, then the bet will be settled at the correct price at the time the bet was placed or, in the case of horse/greyhound bets, at Starting Price, whichever is the greater.

Show (Board) Price

This is the price available from the First Show until the 'Off' of the race, as transmitted by P.A. (Press Association)

Early Price Races

Special Sports Bookmakers prices are quoted on selected races of the day. These are available until 30 minutes prior to the scheduled 'Off' time of the race, unless

advised otherwise. Where an E.P price is inadvertently accepted after this time it will stand provided no show of betting has been transmitted from the course/track.

E.P. prices are subject to fluctuation.

E.P. prices are subject to Tattersalls' Rule 4(c) deductions.

Should a HORSE BE WITHDRAWN which will result in a deduction under Tattersalls' Rule 4(c), then for bets other than Special Early Prices, no show can be laid until a new show is transmitted.

Should a GREYHOUND BE WITHDRAWN all show prices laid prior to the withdrawal will be settled at Starting Price. No show prices can be laid until a new show is transmitted.

Should a HORSE BE WITHDRAWN not under orders in an Early Price race, stakes on that selection will be returned, with bets on other runners in the race subject to a deduction in accordance with Tattersalls' Rule 4(c) based on the first advertised Early Price show.

Should a GREYHOUND BE WITHDRAWN in an Early Price race, all bets nominating that selection either by name or trap number will be void, with bets on remaining runners being settled at S.P.

Related Contingency

Where the outcome of one part of the bet contributes to the outcome of another.

For example:

Nashwan to win both the 2000 Guineas and the Derby.

Tiger Woods to win all four Major golf titles.

Leeds United to win the match and to also win 2-0.

Singles only will be accepted at the individual odds.

Special prices may be quoted on Doubles and upwards.

Any multiple bets taken in error at the individual odds will be re-settled at the special odds currently at the time the bet was placed.

If special odds were not available, the stake will be divided equally as Singles at the prices available at the time the bet was placed, however where the related bets are resolved at different times, the bet will be settled as instructed with the odds for the second/subsequent legs determined at each individual stage.

Forecast betting

Forecasts are accepted in horse and greyhound races of 3 or more runners. A 'Straight Forecast' is a bet where you name the selections which will finish 1st and 2nd in the order named for a specified race or event (where applicable).

A 'Reverse Forecast' is a bet where you name the selections which will finish 1st and 2nd in any order, for a specified race or event. A 'With the Field (Against the Field)' bet is where your selection is nominated to finish 1st with all the others in the race to be 2nd.

A 'Field With (Field Against)' bet is where your selection is nominated to finish 2nd, with all the others in the race to be 1st.

In horse races, bets are settled as Straight Forecasts in accordance with Computerised Starting Price Forecast returns. In races where no Computer Forecast is declared, bets will be settled in accordance with the N.S.L. Straight Forecast Chart.

In greyhound races all forecasts for B.A.G.S./B.E.G.S. meeting will be settled as Computer Straight Forecasts. At other meetings or in races where no Computer Straight Forecast is returned, bets will be settled in accordance with the N.S.L Straight Forecast Chart.

Unnamed favourites are not accepted in Forecast bets. Forecasts inadvertently accepted in races with only two runners will be declared void. We accept Forecast Singles, Doubles and Trebles. We do not accept Forecast Accumulators.

Where such a bet is taken in error, those bets will be declared void and stakes refunded.

Forecast bets will be void in the following

circumstances:-

Where the selections nominated for a Forecast are in different races.

Should a NON-RUNNER be selected in a Forecast, the bet will be made void and stakes refunded. In Reversed or Combination Forecast bets, each Forecast will be treated separately and those that include a NON-RUNNER will be made void.

Tricast betting

A Tricast bet is where you name the selections to finish 1st, 2nd and 3rd in correct order for a specified race.

Available on:

Horse Racing: all 'Handicap' races with 8 or more declared runners and other selected races as advised. Greyhounds: all B.A.G.S./B.E.G.S. races with 6 or more runners as advertised.

Where a Tricast bet is inadvertently accepted on a non-tricast race, then that bet will be settled as a computer straight Forecast (if a straight Tricast, the 3rd selection is ignored). If combination Tricast is selected this then becomes a combination computer Forecast to the stake of the original bet. If £1 comb Tricast A + B + C + D, Staked £24, becomes £2 Comb Comp Forecast.

Tricast Doubles, Trebles etc. are not accepted, and where any such bet is taken in error that bet will be declared void and stakes refunded.

Favourites

The Favourites is the horse or greyhound which is returned at the shortest odds.

Where two runners start at the shortest odds they are known as 'Joint Favourites'

Where three or more runners start at the shortest odds they are known as 'Co Favourites'

Where the Favourite is nominated, and two or more runners start at the shortest odds, then the stake is divided equally over the 'Joint' or 'Co' Favourites created.

Each way bets on Unnamed Favourites are not accepted. If taken in error the place part of the

bet will be void.

Where two horses are returned at the shortest odds, then these two are 'Joint 1st and 2nd Favourites', and the next shortest price runner is the '3rd Favourite'.

We only accept bets on the Unnamed Favourite on the following;

Horses

S.P. Win only bets '1st & 2nd' Favourites. Any bets taken in error on the 3rd Favourite will be made void.

Greyhounds

S.P. Win only bets '1st' Favourite. Any bets taken in error on the 2nd or 3rd Favourites will be made void.

Conditional Bets

We accept 'Conditional Bets' as outlined below. However, these are not accepted on Ante Post events.

Single Stakes About (SSA/UP and Down)

Double Stakes About (DSA/UP and Down)

Bets will be executed strictly in the order stipulated as far as funds will allow in accordance with the bet instructions.

Should there be insufficient cash in hand to cover the next selection, the bet will be settled as far as cash will allow, with the Win part of any Each Way bet being given preference.

Stop at a Winner

Only accepted on Horses and Greyhounds.

Stop At A Winner bets will continue until one of the selections occupies first place, and will be settled strictly in the order requested irrespective of race times.

This instruction cannot be applied to selections in the same race. If accepted in error then selections in the same race will be settled as single bets with the Stop At A Winner instruction disregarded for that stage of the bet.

Ambiguous Instructions

It is the responsibility of the caller at all times to

ensure that the bet instructions given are as full, clear, concise and specific as possible. Where there is an ambiguity or lack of clarity the following rules will govern settlement:

Selections

Where a selection is named and is not doubly engaged (entered for more than one race), the bet will stand for the race in which the selection runs irrespective of conflicting times and meetings given.

Where a named selection is doubly engaged the bet will stand for the race in which it runs, unless a specific race is requested at the time the bet is placed.

Where a horse and a greyhound selection have the same name, the bet will stand for the horse selection, unless otherwise instructed.

Where a selection is mis-pronounced, the bet will stand provided that only one runner could possibly be intended.

However, where the selection requested combines the names of two or more runners, then the stake will be equally divided between the runners concerned.

Where a price is requested on an ambiguously named selection, the price will determine the intention.

Where the same selection is nominated twice, all bets will be settled as instructed with the duplicated selection becoming a non-runner.

In multiple bets where two or more selections run in the same race, stakes will be equally divided where the selections clash, except for doubly engaged selections which will be automatically timed, for the race in which entries do not clash.

Stakes

Where a bet has been overstaked/understaked, the bet will be settled in proportion to on the stake changed.

Where too many selections are requested for a full cover or named type of bet (ie Yankee, Canadian, Heinz etc.), then the stakes you have paid will be proportioned over the appropriate full cover bet for that number of

selections. For example, if you stipulate 'Yankee' (or 6 doubles, 4 trebles and 1 accumulator of equal stakes), with total stakes for 11 bets but name 5 selections, then settlement will be for 11/26's of the total returns from a 'Canadian'. Where singles are included, the stake will be apportioned over the appropriate full cover bet including Singles. However, if the bet is not full cover, or is of unequal stakes, and there are too many selections for the number of Doubles, Trebles, etc stipulated, then the bet will be amended to give the correct number of Doubles, Trebles, etc. The stakes paid for Doubles will be proportioned over the amended number of Doubles, the stakes paid for Trebles will be proportioned over the amended number of Trebles and so on. For example, if you stipulate 6 x £1 Doubles and £1 accumulator but give five selections, calculations will be for 10 x £0.60 Doubles and £1 Accumulator.

Where too few selections are given for the bet requested, a non-runner(s) will be added to allow for the difference. For example 4 selections given with a request of 10 x £1 Doubles, a non-runner will be added to give 5 selections. The bet will not be treated as overstaked. Where instructions indicate an intention for 'Through the Card', but the bet is staked for too few or too many races then the stakes will be apportioned accordingly to cover the correct number of races. Where a bet instruction is not sufficiently complete to allow for reasonable execution of settlement, the bet will be made void.

Ante Post Betting

We offer ante post prices on:

Horse racing prior to the overnight declaration stage.

Greyhound events up to and including the semi-final stage, and where the race cannot be supplemented by a reserve. Any bets placed after this stage or on a single race event will be settled on an 'non-runner-no-bet' basis and all other bets will be settled at S.P.

Any other event (except the result of a match) regardless of the day the bet is placed. Unless

otherwise stated, Ante Post bets are accepted on the basis of all in, run or not, entered or not. Stakes are lost on an Ante Post bet if a selection does not take part.

*NB: Place only, Conditional and Forecast bets are not accepted at Ante Post prices. If accepted in error, Place only and Forecast bets will be made void and the conditional part of any Ante Post bet will be disregarded. All Each Way multiple bets are settled win to win, place to place only. Lucky 15/31/63 and other Sports special bets are accepted at Ante Post prices, but do not qualify for bonuses/consolations.

If a race is postponed to another day, and overnight declarations stand, then Ante Post bets will stand. Single Ante Post bets on horse racing will only be made void under the following circumstances:-

- The race is abandoned
- The race is officially declared void.
- The conditions of the race are altered after bets are made (as defined under Tattersalls' Rules)
- The venue is altered
- The running surface is altered (e.g. Turf to Dirt/All weather or vice versa)
- A horse is balloted out, eliminated or prevented from running under Jockey Club Rules 125 & 1A (Tattersalls' Rule 4(c) deduction may apply).
- Specific terms were offered such as 'with a run' at the time the bet was placed and the selection subsequently withdrawn.

Sports Bookmakers Rules apply to all instances not covered by this section. Maximum payout for Ante Post events is £100,000 unless otherwise advised.

HORSE RACING

We accept bets on all races staged under the rules of the UK Jockey Club, Irish Turf Club, or other equivalent international bodies provided that in each case the programme is printed in the Racing Post. Bets on horse racing are settled on the official result.

Tattersalls Rules

Bets on horseracing in the U.K. are governed by Tattersalls' Rules of Betting, and form the basis of these rules. Tattersalls' Rules or an official announcement from the Tattersalls Committee will govern the settlement of bets should a situation arise not covered by these rules.

Withdrawals and Non-Runners

Where a horse is withdrawn before coming under 'Starters Orders', or is officially deemed by the Starter to have taken no part in the race, stakes on the withdrawn horse will be returned and winning bets will be subject to deductions in accordance with Tattersalls' Rule 4(c). The rate of deduction will be based on the following scale:

Price of Non-runner Amount deducted
at time of withdrawal from winnings

3/10 or shorter 75p in the £1

2/5 to 1/3 70p in the £1

8/15 to 4/9 65p in the £1

8/13 to 4/7 60p in the £1

4/5 to 4/6 55p in the £1

20/21 to 5/6 50p in the £1

Evens to 6/5 45p in the £1

5/4 to 6/4 40p in the £1

13/8 to 7/4 35p in the £1

15/8 to 9/4 30p in the £1

5/2 to 3/1 25p in the £1

10/3 to 4/1 20p in the £1

9/2 to 11/2 15p in the £1

6/1 to 9/1 10p in the £1

10/1 to 14/1 5p in the £1

over 14/1 No deduction

In the event of two or more horses being withdrawn before coming under starter's orders, the total deductions shall not exceed 75p in the £1. Should a horse be withdrawn and a new market formed, then any bets laid at

'Show' prices prior to the new show will be subject to the above deductions. In the event of a further withdrawal after the betting market has been re-formed, bets placed at 'show' prices in the original market will be subject to a further deduction based on the price of the Tattersalls' Rule 4 (c) Withdrawn horse in the original market. Bets placed in the new market will be subject to a deduction based on the current price. In the event that there is insufficient time to form a new market on the race, S.P. bets may also be subject to a deduction based on Tattersalls' Rule 4 (c). The above scale will also apply in the case of non-runners in Early Price races, and may be used for other events where it is advised that a deduction in line with Tattersalls' Rule 4(c)

Re-Runs

In the event of a false start, etc, resulting in a race being re-run, 'Under Starters Orders' is negated and stakes will be refunded on horses taking no part in the re-run. Winning bets on the remaining runners will be subject to Tattersalls' Rule 4(c).

Place terms will be governed by the number of runners taking part in the re-run.

Walkovers and Void Races

Walkovers and void races count as races, but any horse so involved will be treated as a non-runner for settling purposes.

Jockey's Mounts

Where a special price for a named jockey to ride a Double, Treble, etc is quoted, this will be conditional on the jockey riding his published mounts and there being no non-runners. If a jockey does not ride his published mount in any leg, then that selection will be treated as a NON-RUNNER and settled subject to the non-runner rule.

If there is a non-runner in any leg, which results in a Tattersalls' Rule 4(c) deduction, the special price will not count and the bet will revert to S.P. on all legs.

Where the offer is at 'Place Only' in any leg, that leg will be settled for a place at the appropriate S.P. Place terms.

Horse Racing outside Great Britain and Ireland

In countries where bookmakers operate and an official Starting Price is returned, bets are accepted in accordance with our general rules and any conditional rules applicable to the country concerned, as advised by Sports Bookmakers.

In countries where the industry declares an Industry Return and the client fails to specify whether he wants EP or Pari-Mutuel then those bets will be settled at the Industry Return. In countries where there is no Starting Price market in operation, bets are accepted at Pari-Mutuel returns as follows:

Pari-Mutuel (P.M.U.)

The declared return dividend.

Coupling

Where two or more horses, under the same ownership for example are classed as one for betting purposes.

Win and Each Way

Horses in the same ownership are generally coupled in the 'Win' pool only, however, in some countries, e.g. U.S.A., horses are coupled in all pools, and coupling may occur for reasons other than ownership. The place part of Each Way bets will be settled in accordance with the returned place dividends.

Unnamed Favourites

Are not accepted and if taken in error will be void, win or lose.

Place Only

Bets are not accepted.

Forecast

Straight Forecasts are accepted depending on the type of Forecast in operation, unless special rules are advised, in which case bets will be settled only at Sports Bookmakers Special Straight Forecast odds. Should your instructions be for a Straight/Reverse Forecast and a Duel Forecast is returned, then your total stake will be invested as a Dual Forecast.

Should the instruction be for a Dual Forecast and a Straight Forecast is returned, then the stake will be divided and settled as a Reversed Forecast.

Show Prices

Show prices based on the track Pari-Mutuel odds indicator are NOT ACCEPTED. Bets accepted in error will be settled at the declared dividend.

Early prices may be offered for certain feature races in countries outside Great Britain and Ireland. Unless special rules are advised these must be requested otherwise bets will be settled at the Pari-Mutuel return.

In countries where there is no S.P. or Tote betting, e.g. Dubai, bets will only be accepted in races where Sports Bookmakers prices are offered. If no price is taken, Win and Each Way bets will be settled at Sports Bookmakers closing prices. In the event of any withdrawals Tattersalls' Rule 4(c) may apply. Forecasts will be settled at Sports Bookmakers Straight Forecast odds, Tricasts are not accepted.

GREYHOUND RACING

Bets are accepted for B.A.G.S./B.E.G.S. meetings and for other meetings at selected greyhound tracks in Great Britain and Ireland. We do not accept bets for Permit status meetings. Where a specific meeting is not requested, and dependant upon the time the bet was placed, bets will be settled on the

first applicable meeting of the day. Where a bet for a single (including Forecasts & Tricasts) is inadvertently accepted with incorrect timing instructions, it will be settled as follows:-

If the meeting is nominated but the time is incorrect or corresponds with a race already resolved. The bet is settled either for the next race to run at the nominated meeting or for the race applicable to the stated racetime, whichever is next to go after the bet is placed.

If the meeting is nominated but the stated time relates to another meeting, the bet is settled either for the next race to run at the nominated meeting or for the race applicable to the stated

racetime, whichever is next to go after the bet is placed.

In multiple bets, which contain a selection(s), where the time and meeting given do not correspond the race time stated will be given precedence and the selection(s) will be settled for the meeting applicable to the race time.

For Trap Challenge, all bets will stand irrespective of vacant traps, void races and abandoned meetings. Where there is a dead heat in a race the respective traps will be awarded 1 win each. If there is an equal amount of wins recorded in the outright result then settlement will be made in accordance with the Dead Heat rules.

Re-Runs

Where a race has been declared void and is re-run, all bets will stand for the greyhounds that take part in the re-run. The prices returned on the re-run will govern the settlement. Show prices laid on void races will not be valid for the re-run race, and such bets will be settled at the returned Starting Price. A re-run greyhound race is taken in the order in which it was originally placed in the programme, irrespective of the time at which it was re-run. Where a race has been declared void and is not re-run, all bets for that race will be made void and will not count for any additional race (e.g. reserve race).

We do not accept bets on Greyhound racing at Tote odds. Any such bets accepted in error will be settled at the Starting Price equivalent with the exception of Place Only or accumulative Pool bets such as Quinellas, Duellas, etc, which will be made void.

Football

Football Betting

90 Minutes Play

All football bets will be settled on 90 minutes play. 90 minutes play includes time added by the Referee in respect of injuries and other stoppages. Extra time, Golden goal and Penalty Shoot-Outs do not count.

Prices subject to fluctuation

All prices published are subject to fluctuation up to the kick-off. All bets will be settled on Sports Bookmakers prices at the time the bet is placed. Singles are accepted on all Matches unless otherwise stated.

Maximum Payouts

Up to £100,000.00 on all English & Scottish leagues, Primera Liga, Serie A, Bundesliga, International matches, UEFA Cup & Champions League.

Up to £25,000.00 on any other leagues.

First/Last Goalscorer odds

Every effort will be made to quote First/Last Goalscorer odds for all possible participants. However, other players will count as winners should they score the first/last goal. Bets on players not taking part in the match will be void as will bets on 'first player to score' where the selection comes on after the first goal is scored. All players that take part in a match will be considered 'runners' for the last player to score purposes.

If a match is abandoned before the first goal is scored, all bets are void. This includes No Goal scorer bets as these are offered on the basis of 90 minutes being played in the game.

In the event of a dispute over the award of a goal for first/last scorer betting purposes, settlement will be based on the goal scorer as reported by the Press Association. In the event of an own goal, the next goal scorer counts as 1st goal scorer.

Correct Score Betting

We accept Singles and upwards on all matches where Correct Score prices are available.

We accept Lucky 15/31/63 bets offering a Win Single settled at Double Odds if only one score is correctly predicted.

Double Result Forecast (Half-Time/Full-Time Betting)

To win, you nominate the result of the match at both Half Time and Full-Time. We accept Singles and upwards on all matches. Bets will be void if the match is abandoned prior to the completion of 90 minutes of play.

Fixed Spreads

All make-ups are taken from what happens in 90 minutes plus injury time, ie. extra time does not count.

If a match is not completed all bets are void, unless the result is known beyond dispute, ie. The OVER limit has already been reached.

The bookings market awards points as follows: Yellow = 10 points, Red = 25. Maximum points per player = 35. Own goals count in all Fixed Spread markets. Final make-ups in all markets are governed by OPTA.

Multi corners

1st half corners x 2nd half corners

Scorecasts (First Goalscorer and Correct Score Combination Bet).

To win you correctly nominate the player to score the First Goal, and the Correct Score after 90 minutes play. Scorecasts are available on all matches where Correct Score and First Goalscorer prices are quoted. Singles only are available.

The 'Scorecast' 0-0 and No Goalscorer are settled as a Correct Score Single. If your selected player comes on after the first goal has been scored or does not take part in the game, bets will revert to a Single on the correct score.

For First Goalscorer purposes, own goals do not count, so the Scorecast will be settled on the next Goalscorer and Correct Score of the game. If the Correct Score is 1-0 and the goal is an own goal, the Scorecast bets are settled as Correct Score Single. If a match is abandoned prior to the completion of 90 minutes play and a goal has been scored, Scorecast bets are settled as First Goalscorer to Score Single. If no goal has been scored, all bets are void.

Other Football Rules

Matches on which we do not have prices

Only matches for which we quote prices may be selected. Selections for unquoted matches will be void and your bet will be settled on the remaining selections provided there are not less than the stipulated minimum number

required.

Specials

Special bets will be subject to extraordinary rules. Customers will be informed of these.

Related Contingencies in One Match

Where we offer various betting opportunities from the same match (for example, Correct Score, First Goalscorer, Scorecast), these cannot be combined in accumulative bets where the outcome is related (except by prior arrangement on special matches), or where special fixed prices are available for Scorecasts. Where an accumulative bet of this type has been accepted in error it will be settled equally dividing the stake unit where the related outcomes clash:

Man United to win 2-1
Singles Is settle as 2 x 50p

Pools Panel Results Do Not Count

Abandoned Matches

Should a match be abandoned prior to the completion of 90 minutes play, then the selection will be void except for First Goalscorer bets providing a goal has been scored.

Postponed Matches

In the event of any match being postponed, the selection will be void, unless, with a midweek match it is played before the following Saturday, or with a weekend match, it is played before the following Monday. When a void match reduces your bet to below the permitted minimum, the bet will stand, with the void match being treated as a Non-Runner

for settlement purposes.

Re-arranged Matches

If a match venue is changed and details are not known at the time the bet was placed, all bets on that match will be void. If a match date is rescheduled from the weekend to a Monday night for the purpose of live TV coverage, all bets on that match will stand.

AMERICAN SPORTS BETTING

American Sports Rules

All sporting events must be played on the scheduled date – if not, no action. This applies to American Football, Basketball, Baseball and Ice Hockey. Customers may not combine related bets e.g. The Outrights and the Handicap lines on the same game. If taken in error the bet will be settled as separate singles. Las Vegas Rules apply for any eventually not fully covered here.

For both totals and sides betting, all stakes are returned when the final score falls on the line (push).

American Football & Basketball

Overtime periods count on all bets taken. In order to have action the following time must have elapsed:

Football (Pro and College) – 55 minutes of play

NBA Basketball – 43 minutes of play

Baseball

Winners and losers are official after 5 innings of play unless the home team is leading after 4 1/2 innings. Extra innings count on all wagers.

If a game is called off or suspended, the winner is determined by Las Vegas Rules (game and totals).

All bets are regarded as Listed Pitchers unless specified otherwise. If starting pitchers are not exactly listed or quoted, your bet is deemed void. A pitcher is deemed to start after one pitch. In the event that there is a pitching change prior to the game, prices will be adjusted. When betting on total runs over/under or run lines, the game must go to 9 innings, (8 1/2 if home team is ahead) to have action.

Ice Hockey

In order to have action, 55 minutes of play must have elapsed.

Round by Round Betting

If for any reason a points decision is awarded before the full number of rounds are completed or if a boxer is disqualified, bets will be settled on the round in which the fight was stopped. Bets which nominate to win on points will only be deemed winners if the full number of rounds are completed.
